Manassas Regional Airport Edges Closer to Commercial Service

MANASSAS, Va. (7News) — Commercial flights at Manassas Regional Airport are now one step closer. The Manassas City Council unanimously approved an agreement with the airport manager and operators Avports on Monday to provide commercial jet service.

The vote came after residents raised concerns about the noise that comes with commercial flights. The airport expects to see around 30 commercial flights per day.

“We have no plans to be like a Dulles or a National that have hundreds of flights every day,” said Juan E. Rivera, the Director of the Manassas Regional Airport.

The proposed commercial flight agreement between the airport Avports had its first reading during a council public hearing on Monday, July 10. Part of the expansion would include coordinating with the Transportation Security Administration (TSA) to set up checkpoints and staffing.

Megan Atkins Thoben, AAE, Promoted to Vice President of Operations and Customer Engagement for the Louisville Regional Airport Authority

Louisville, KY (July 5, 2023) – Louisville Regional Airport Authority Executive Director Dan Mann recently announced the promotion of Megan Atkins Thoben, A.A.E. to Vice President of Operations and Customer Engagement. In this role, Thoben will champion the Airport Authority – including both Louisville Muhammad Ali International Airport (SDF) and Bowman Field (LOU) – with programs and best-in-class practices that showcase the organization’s innovative approach within the industry and community. With a focus on continuing to highlight SDF’s success stories, she will lead the airport’s Operations and Terminal Operations Departments, ensuring compliance with all federal, state and local regulations, and serve as a link with key airport tenants and stakeholders.

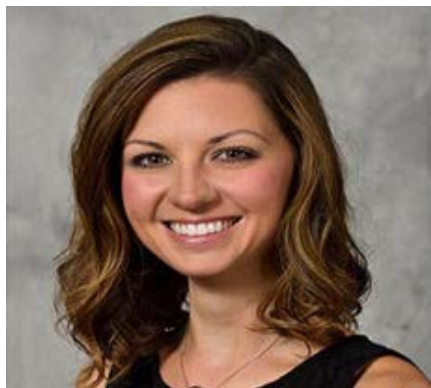

“Megan’s passion for all-things aviation is evident and will serve her well in this new role,” added Mann. “She has done a remarkable job transforming SDF’s first, full-time Operations Department all while providing guidance and leadership for our SDF Next Program that will better nearly all aspects of the terminal, making us a best-in-class facility. Her knowledge and energy for our airports and community make her the ideal addition to the Airport Authority’s Executive Leadership Team.”

Since joining the Airport Authority in 2018, Thoben has served as its Director of Operations and Business Development. In this role, she developed and transformed the Operations Department into its current full-time state complete with 24/7 staffing with a strong focus on customer response initiatives. Under her direction, the Operations Department also holds compliance oversight for SDF’s Part 139 status as well as the Credentialing Office, Airport Security Program (ASP) and training programs for the Security Identification Display Area (SIDA) and the Sterile Area. Thoben is also involved with the terminal improvements as part of the SDF Next Program that will invest more than \$400 million at the Louisville Muhammad Ali International Airport in the coming years. This includes numerous projects such as construction of the new Rental Car Facility, a new Airport Operations and Command Center, an expansion of the SDF security checkpoint, installation of new passenger boarding bridges as well as various exterior enhancements and mechanical upgrades.

Thoben was named by Louisville Business First to its Forty Under 40 list in 2021, followed with recognition by Today’s Women Magazine as its Most Admired Young Executive in 2022. She serves on numerous boards including the Kentucky Derby Festival, Kentuckians for Better Transportation (KBT), the Southeast Chapter of the American Association of Airport Executives (AAAE) and her high school alma mater, Mercy Academy.

Before joining the Airport Authority, Thoben served as Operation Manager at Columbia Metropolitan Airport (CAE) in Columbia, SC and as Operations Supervisor as well as Operations Specialist I and II at Blue Grass Airport (LEX) in Lexington, KY.

Thoben earned a Bachelor of Science in Aviation Management from Eastern Kentucky University in Richmond, KY. She is an Accredited Airport Executive (A.A.E.) through AAAE and is a Private Pilot Certificate holder.

Airport Authority to build new terminal for Charles W. Baker Airport in Millington, Tenn.

MEMPHIS, TENN. (July 17, 2023) –The Memphis-Shelby County Airport Authority (MSCAA) has approved a construction project that will replace the terminal at Charles W. Baker Airport in Millington.

The \$2,519,000 project will double the replacing the current 2,400 square foot terminal. Following a bidding process selected for the project, which will consist of the demolition of the existing terminal and construction of the airport's fuel man

footage of the terminal, with a 4,950 square foot. II Construction, LLC was awarded both the demolition of the facility, as well as improvement

Construction is scheduled to begin in summer 2023 and is expected to be completed in fall 2024. The construction will be phased to limit disruption to existing services, and the current terminal building will remain in operation until the new facility is opened.

Charles W. Baker Airport is a general aviation airport that primarily serves private and business pilots, helicopters, and other non-commercial aircraft. Services include fuel, hangar and ramp space, and aircraft parking. There were 27,900 operations at the airport in 2022.

Marshall Stevens to join Memphis-Shelby County Airport Authority as Vice President of Operations/Chief Operating Officer

MEMPHIS, TENN. (August 17, 2023) – Memphis-Shelby County Airport Authority (MSCAA) has selected Marshall Stevens as its new Vice President of Operations.

Stevens has more than 30 years of aviation experience, most recently as the Deputy Executive Director for Harrisburg International Airport (MDT) in Middletown, PA, a position he has held since March 2008. He previously served as Airport Manager for Floyd Bennett Memorial Airport in Queensbury, NY, from 1999-2008. Stevens, who will join MSCAA on October 9, was selected from a field of 64 candidates.

Stevens will succeed Terry Blue, who will assume the role of MSCAA's President and CEO on January 1, 2024, following the retirement of current President and CEO Scott Brockman.

Stevens' experience in the airport industry also includes eight years with private aviation consulting companies. He is an Accredited Airport Executive (A.A.E.) by the American Association of Airport Executives (AAAE) and currently serves as secretary/treasurer for the AAAE board of directors. Stevens previously served as the Past President for the Northeast Chapter of AAAE as well as the board of directors for both the New York Management Association and the Modern Transit Partnership.

He received a Bachelor of Science in Aviation Management from the Florida Institute of Technology. He is also a founding board member and secretary for Pilots with a Purpose, a nonprofit organization whose mission is to provide flight instruction and aviation education to underprivileged and minority students.

"Marshall's extensive experience in aviation coupled with his industry leadership made him the ideal candidate for this position," said Blue. "His presence on the MSCAA management team will ensure a seamless transition as I move into my role as the new President and CEO. We will work diligently to continue the legacy that Scott Brockman has created.
